

Sitarey by Mehnaz

Each clutch has been elaborately handcrafted by female artisans of Pakistan.

The journey of each *sitarey* clutch begins from the humble thatched dwellings of women in Pakistan who toil tirelessly in family groups and magically transform delicate beads and glimmering sequins into our intricate designs.

Just as the myriad stars and sequins twinkle and reflect light, so too will each purchase brighten the life of each aspiring star: the underprivileged women of Pakistan.

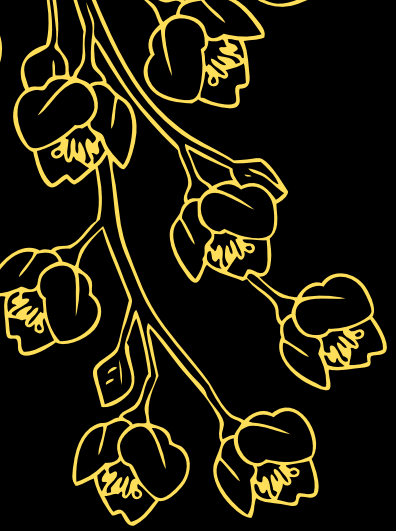

Our Philosophy & Mission: Women Empowerment

We work with and empower female artisans across Pakistan by providing livelihood in the safety of their homes.

Each clutch is handcrafted by the female artisans and there is no use of machinery involved in any part of the design and manufacturing process.

Every purchase adds to the economic and personal empowerment of these women, our *sitarey* (stars).

The Process

The women behind our venture are everything for us!
Our real *sitarey*!

Sitarey Girls

A sitarey girl believes in more than a clutch, she believes in herself

The Gotta Collection
